- Homecoming 2014
- New Executive Board
- Mom's Day
- Next Semester
- Alumni Weekend

Intramurals

This year, we have been very successful in our intramurals. We have won two championships and are currently in first place for intramurals. Our softball team was able to bring home gold, and our sand volleyball team was able to bring home a 1st place trophy. We are determined to stay in first for intramurals, and we look forward to winning more championships next semester.

The Newest Members

We were lucky enough to have a very successful fall rush. Under the leadership of our rush chairmen Curt Wood and Vincent Sorrentino, our rush events ran smoothly. These events led twenty-nine men to sign

bids to become new members. This new member class exemplifies S.L.A.G. in every man. Twenty-three men were proudly initiated into the Pi Kappa Alpha Fraternity on November 9th, 2014.

Philanthropy

A True Pike gives back to his community. Through community service and philanthropies, we strive to do just that. These philanthropies may not benefit our immediate community, however they affect our community as Americans. There were four philanthropies this semester that we eagerly participated in. Each philanthropy was in the form of a sports tournament. The ladies of Alpha Delta Pi hosted a soccer tournament, "Kickin' it With ADPi," in which we placed first. Alpha Xi Delta hosted a flag football tournament, "Alpha Xi Rose Bowl," which we also

won first place in. Sigma Sigma Sigma hosted "Sigma Shootout," a basketball tournament that we placed third in. And Delta Delta Delta hosted the softball tournament called "Triple Play," where we placed fourth. With our entry fees for these tournaments, we helped various charities and organizations.

Call For Documented History

As a chapter, we are starting an initiative to improve the archived history of Epsilon Iota. We do this because it is important for new members to understand how far we've come, and to potentially help with the transition of offices. As Alumni, we ask that you send any documented history of the chapter that you feel is relevant to our President, Kris Harlow, at

Homecoming 2014

This year's homecoming took place on Saturday, October 4th. With Homecoming so soon this year, we had to get in gear quickly in order to finish in time. We teamed up with the ladies of ADPi and the men of Theta Xi for the homecoming activities. Our determination

paired up well with their motivation to win. We spent many hours each week pumping our float for the parade. This year, our theme was New Year's Eve. After the judging of the floats, we found out that for the second year straight, we won first place on the float. We placed third overall for this year's homecoming. Next year we will be paired with the women of Alpha

Executive Board

This semester, we had our annual executive board elections. After every candidate gave his speech, we took our votes. Our new executive board goes as follows: Kristofer Harlow for President, Shane

McAtee for Internal Vice President, Alex Cole for External Vice President, Christopher Gentry for Vice President of Education, Nick Bamvakais for Treasurer, Braden Rheinecker for Assistant

Treasurer, Skyler Steele for Secretary, and Wesley Lukasek for Sergeant at Arms. We trust them to most successfully accomplish their object of leading the chapter to grander horizons.

Mom's Day

Our annual Moms Day was held at the Hunter Valley winery in Cape Girardeau. Aside from being just a little chilly, it was a beautiful day. We raised a little over \$3,000 this year by raffling off

gift baskets that our loving mothers set up for us. The event, one that many actives and mothers look forward to, was an overwhelming success.

Next Semester

Next Semester, we plan on having another large spring class. Our rush chairman for next semester will be Mason Kaatman who has already set up rush events for the spring. We look to adding a new member class of at least twelve new men. We also hope to keep raising our grades to a GPA greater than a 3.0. With Pike Spike being next semester, along with more service opportunities, we also set a goal of 10,000 philanthropy dollars to be raised. We also are aiming for improved accountability and an overall Chapter Excellence Award. With all of these goals, we are determined to become a chapter that represents S.L.A.G. to the fullest.

Alumni Weekend

Do not forget about this year's annual Alumni cocktail event and golf tournament. **It will be held the third weekend of April.** For further information about Alumni Weekend contact Robbie Guard at (RGuard@mrvbanks.com) or EJ Foreman at (foreman.ej@gmail.com)

Rush Referral

If you have any referrals for recruitment, fill out this information and email it to our Recruitment Chair, Mason Kaatman at mlkaatman1s@semo.edu or Atom Zuniga at aszuniga1s@semo.edu
